Greetings,

Our Lord Jesus Christ, King of the Universe

Every age in the Church experiences its own set of challenges. There have been periods of centuries where many people wrongly denied that Jesus was and is true God and true man. We have seen the heresy of denying the Trinity as one God come and go. The 19th and 20th centuries were no different.

With the explosion of science and technology many people began to believe that all the world's problems could be solved through technological means. From this came a way of life which leaves God out of man's thinking and living and organizes his life as if God did not exist.

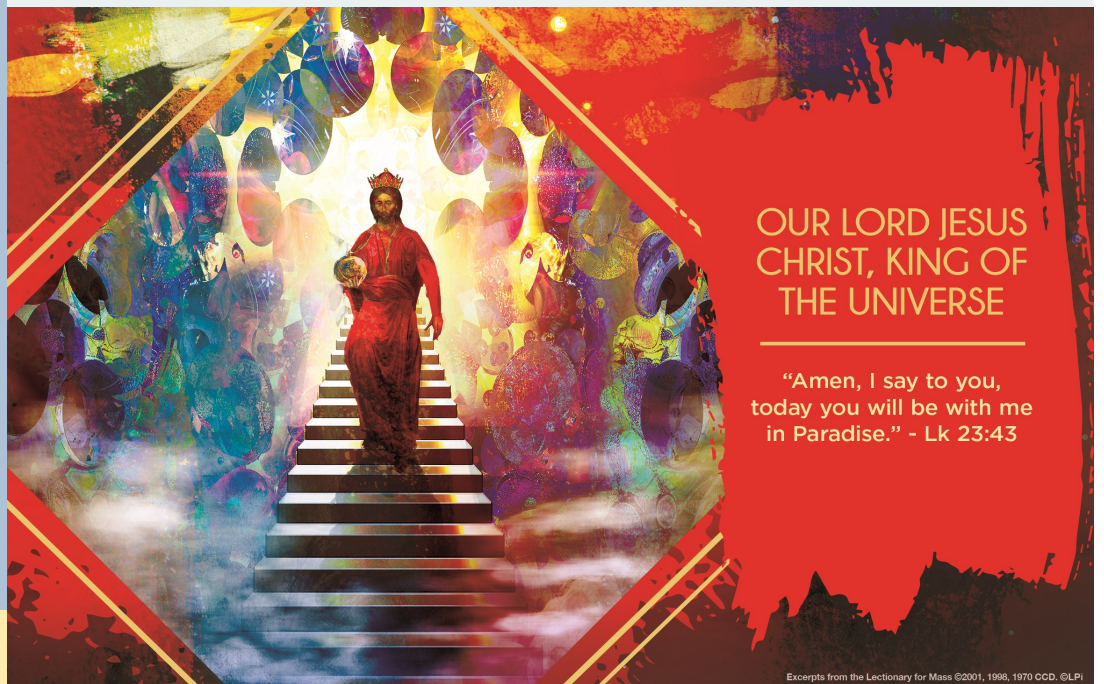

To help counter this growing problem, the Solemnity of Christ the King was instituted in 1925. It serves as a reminder to us all that Jesus has authority over all of heaven and earth, and that it is to Him to whom we turn for our salvation. The Lord gives us the ability to think and reason, and desires that we use these gifts in service to others. But we must be careful in whom or in what we place our trust. Government cannot save us. Any godless philosophies, including Marxism, can and will only lead to misery and oppression.

When I was a child there were a handful of cartoons that we were not allowed to watch for various reasons. One of them was He-Man and the Masters of the Universe. I can still hear my mother's voice; "There is only one Master of the Universe".

May we be strengthened in the reality that Jesus is the King of the Universe to whom we completely and solely rely on as our Lord and Savior.

God Bless,

Fr. Theis
